Wait's River, Vt. way back when? Route 25 sure has changed and the General Store once owned by Ernest and Hazel Locke has burned down and replaced by the Wait's River General Store now owned by Mr. and Mrs. Jack Blanchard.

Years have changed the physical look of Wait's River. Time has changed the outlook of the BNB. We would like to continue our image as a small town bank with friendly, fast personal service but our outlook will be very aggressive, we won't be satisfied until we're big, strong but always "small town."
